Commitment to the Environment

Facility Plus® is committed to reducing our carbon footprint and providing services that help our clients reduce their facility's carbon emissions and energy consumption. We employ a number of green maintenance strategies to protect the environment and meet our client's needs in terms of responsible energy and water consumption with the use of green equipment as recommended by the Institute of Inspection Cleaning and Restoration Certification (IICRC).

We also work with our clients to document green initiatives for the Leadership in Energy and Environment Design (LEED) Program.

Giving Back to our Communities

Giving back to our communities is an important part of who we are at Facility Plus®. All of our team members are proud to actively support a wide range of charitable groups and sports organizations. It's our way of sharing our success and making a positive impact in the communities we work and live in.

Whether through financial donations, employee volunteerism or service offerings, we are pleased to be able to support the following organizations:

Testimonials

"It was a pleasure to use Facility Plus® for our office renovation. Every aspect of their service was excellent... they were fast, efficient and did a fantastic job. I would recommend them for any future project."
Jones Lang Lasalle

"We are able to provide great support to all of our sites across Canada thanks to professional services with fast delivery from Facility Plus®!"
Brookfield

"I only have good things to say about Facility Plus®. They have responded immediately any time of day, night and even on the weekend. They even proactively point out potential dangerous conditions."
Rheen Canada Ltd/Ltée

"We appreciate the great customer service we receive with your carpet cleaning service... there is no disruption to our business and we are able to use the area immediately after the cleaning. You have been a great help in meeting all of our facility needs."
